Single Flat LED aluminum track – Our best seller!

This fixture fits one LED strip and is a small design. Ideal for most locations! These fixtures are great for coves, under cabinets, recessed into shelving, and much more.

ALUMINUM PROFILE:

- Our most popular fixture, smallest size and depth with excellent dispersion.
- Custom cut to any length down to 1/16th of an inch
- Simple application with tape adhesive or clips
- Surface mount design that can be easily recessed
- Available with wire or quick connector of various lengths. Output for daisy chaining fixtures available. Extension cables sold separately.
- **UL certification: cULus E545140**

CAN FIT 1 ROW OF ANY 12MM OR LESS LED STRIP SOLD BY linearled.ca
